

Love needs no venue.
Love flows from within.
Love is the sleeping energy in every being.
When Love awakens, there is no self-control!
The SELF flows.

Master Parvathi Kumar

on Love

Dhanishta

A WORD

Love is divine. Love is overwhelming. The word 'LOVE' is mostly uttered but not really experienced. Love is always associated with the Divine. Those who know the Divine only know what Love is.

"ON LOVE" just flowed during the silent moments on 6th May 2006. It is faithfully recorded.

K. Parvathi Kumar.

Love is the Basic Energy.
Without Love there is no Creation.

Love is God.

God is Love.

Love knows Justice,
knows the Truth,
knows Duty.

Love is the most proximate energy to Truth.

Truth is Love.

Love needs no other!

Love is causeless!

Love needs no venue.
Love flows from within.

Love is the sleeping energy in every being.
When Love awakens, there is no self-control!
The SELF flows.

Love elevates and alleviates.
Energy springs, fountains emerge,
glands secrete in Love.

Love is total revolution.

Love is Revelation.

Love of the form is infancy.

Love of patterns of Beauty and their
manifestation is adolescence.

Love of Light, of Wisdom is maturity.

Love of Beauty beyond form and light
is Love pure.

Love is the lady that awakens
from Self-realisation.

A man who knows Himself knows Love.

Love is the flame that inflames
all the surroundings.

Love is like the Python, the Pythia
that causes typhoon.

Love overtakes you, leads you from the front.
It heeds not to your reason, to your intellect.
It makes you a pygmy of your ego.

Love unsettles you from your doctrine
of "Dos and Don'ts."

It destabilises from your
self-proposed positioning.

It settles you in a higher order -
beyond your logic and reason.

Love leads you to places, to persons
and situations of its choice.
It shows you the beauty of choice-less living.

Love heals.

It needs no intellectual techniques.

Love levels all and harmonises.

Love is Sacrifice.

In Love, Sacrifice happens -

it's no feeling of Sacrifice.

Love knows no pride.

There is no high and low in Love.

Love knows not discomfort,
disappointment and delay.

Love lets you free!
Free from all fetters.
Love cannot be bound.
It is too powerful.

The Power of Love overpowers Power.

Love knows no decay and death.

Love is the Tornado
that knows not big and small.

Love permeates. Love harmonises.

Love tranquillises.

Love lets the Beings escape from their
pigeonholes (of mind, reason, rationale).

Love enables you to fly, to fly higher
and higher.

Love settles you in the limitless expanse.

Love is found in all forms.

Where there is Life, there Love is.

There is no inferior or superior in Love.

Love is Love.

Love is blind - blind to those who observe
from outside the ring of Love.
Love unfolds insight.

Mind is the Ring-pass-not.
Mind is the slayer of the real.
Love is the slayer of mind!

Mind develops and lives by logic.

Love lives, lives full, lives to the brim
and flows over.

Mind follows, develops logic and lives by it.

Love cares not. Mind cares.

Love permeates. Mind preserves.

Love moves by itself. Mind moves by thought.

Love motors all. Mind is motored by thoughts.

Love precedes thinking, planning and organising.

Love proceeds unmindful.

Mind plans, organises, and thinks to preserve
the acts of Love!

Love is spontaneous.

It needs no one's permission.

Love decides and proceeds.

Even God follows Love.

Love proceeds, Existence co-operates!

Love binds God.

God wills to be bound by Love.

Love knows no regulations.

Regulations are formed and framed much later.

Love flows like a nonchallant river (Ganges).

Bunds and banks are built later.

Love is friendly.

Friendliness and Love are synonyms.

Love and Power are seemingly incompatible.

Love subdues Power and moulds it
to be malleable.

Love bends what Power cannot.

Power is pale and non-vital.

Love is blushing and vitalising.

Love knows to smile.

Smile and Love are inseparable twins.

Power smiles never. Love smiles ever!

Love is freedom! It lets others free.
Love frees you; and you, dipped in Love,
free others.
It knows not freezing.

Love is the warmth that "defreezes"
the frozen one;
that unfetters the fettered ones.

Love dislocates from localisation.
Engulfed by Love, one knows not Time,
Space and Place.

Love knows no holiday.

There is no sabbath in Love.

It cares not sabbath rules and the like.

Love is not an act. Love is Be-ness.
The being is in Love and is moved by Love.
Love as an act is the shadow of Love.

Love makes life light.

Power makes it heavy.

Love craves for beings.

Power craves for things.

Love reveals Beauty, Beauty of all that surrounds.
Love reveals the Beauty of sunrise, of sunset, of
morning dew, of flowering, of a butterfly, of colours,
of clouds, of thunder, of lightening, of darkness,
of trees, of animals, of the subtle, of the gross, of
all! Love blinds ugliness and opens Beauty.

Love blinds sight (of the worldly)
and opens Insight of Beauty, of Joy, of Bliss.
All is beautiful in Love.

Love is fulfilment.

Love is complete.

Love includes hate! It absorbs hate.

Love is all-absorbing.

Love demonstrated its ability to absorb hate,
criticism, attack and even poison.

Love transforms!

Love is seemingly wild.
But it is mild, gentle, soothing and healing.

Love is Life - Life is Love -
Love is Trust - Love is Risk!

Trust is the other name of Love.

When you love, you trust.

Love and mistrust do not go together.

Jesus loves. He trusted Judas.

Love knows forgiveness,
knows tolerance,
knows others.

Love enables transcendence.

Transcendental love is Love.

Love binds and synthesises.

Love is not commerce - there is no sensation
of 'give and take',
no feeling of service and sacrifice.
Only one sensation, one feeling exists,
i.e., Love.

Love makes all possible.
Impossible turns possible in Love.

Love builds and protects.

Love is preserving, yet ever-fresh.

Heart is the centre of Love.

The Art of Love is known only to the hearty.

The heartthrob is Love.
When Love presents itself
the throb is tangible.

Heart is the Mother.

Head is the Father.

He (the Father) is in She (the Mother).

The umbilical cord responds to the child's cry,
in the Mother.

The "cordial cord" responds to the devotees'
cry, in the Divine Mother.

Cancer is Mother's Love.

Leo is Initiate's Love.

Aquarius is Father's Love.

Venus stands for Love of Beauty in the form
and out of the form.

Mercury stands for Love of Wisdom.

Jupiter stands for Love-Wisdom.

Mars stands for Love of Power.

Saturn stands for Love of Labour.

Moon stands to reflect Love from higher circles.

Neptune stands for Love transcendental.

Pluto stands for Love of Law.

Uranus stands to break impediments to Love.

Sun stands to transmit Love, Life and Light.

Love is thus the basis of the family
of planetary regents.

Devotion promotes Love.

Love promotes Devotion.

They are two in one.

Together they form Bhakti.

Love does not cognise personal needs.
It cognises the needs of the surrounding life.

Love is self-forgetful.

Love and selfishness do not co-exist.

Love is not possessive.
Possessive love is no Love.

In Love, responsibility is fulfilled.

Love is never irresponsible.

The Fire of Knowledge culminates
in the Light of Love.

People say desire has no decency.

But Love too, has no decency.

The Rajput Queen Meera went on singing into
the streets, in Love of KRISHNA.

While in Knowledge, the Self remains.
It even gets decorated with Knowledge.
While in Love, the Self is not.
It is self-effacing.

Love is Ecstasy of Existence!

Untouched by Love, one remains poor,
however rich one is in knowledge, power,
intelligence and in wealth.

Love judges not, steals not,
 plaints not, harms not.
It reins the Kingdom of Heart.

Love cannot rule!

Love feels ruling beastly.

Love lives and communes.

The loving ones only can build Community -
the Community of Maitreya knows this well.

Where there is Love there is natural grouping.

Groups happen through Love.

Groups cannot be formed by minds,
even by the masterminds!

The petals of a flower are naturally together
due to the common source of unfoldment -
Love is the basis.
Petals tied together are incomparable
to the petals of a flower.

Forming groups is akin to assembling
the limbs of Man!

Love and Life unfold the limbs of Man.

Love and Life unfold groups.

Where Love is the base,
there BRINDAVAN is!

As man cultivates virtues of Yoga,
Heart unfolds the fruit of Fraternity,
of Love that draws all unto it.

Love is magnetic.

It draws near and nourishes.

It cares and caresses.

When awakening is complete, it is Love.
Love is the highest point of illumination.

At the height of Knowledge of God,
Chaitanya fell into the Love of God.

The mountain peak of Knowledge leads one
into the valley of Love.

Love succeeding Knowledge is complete Love.

Love preceding Knowledge is incomplete.

Knowledge leads and Love follows;
but up to a point.
Later, Love leads Knowledge.

Ignorance is the eldest sister.
It is followed by her younger sister, Knowledge.
Knowledge is followed by the youngest sister,
Love.
On the way, the table turns!

The follower turns leader and
the leader turns follower!

Knowledge remains to be the middle sister!

Love turns the world upside down!

But the world is upside down!!

Love seems to upset.

But it really sets up!!!

In the seeming disorder of Love,
there is higher order!

Love re-arranges priorities!

Love initially upsets.
But it finally sets up a better order.

Love reverses the inversions 7 times
and sets you as the 8th One.

Love demolishes ego.

Will, Love and Light are
interchangeable energies of God.

One leads to the other.

They are 3 in 1 and 1 in 3.

Love pulsates Life, vibrates Sound (OM)
and radiates Light!

Love is not a quality of *God*.

Love is *God*.

Love raises the dead to life.

Power cannot.

Cupid, the Lord of Love, promotes carnal love.

Vishnu, the Logos of Love,
promotes Cardinal Love - Divine Love.

Both cause revolution. One is involutionary;
the other is evolutionary.

Love of God leads to Knowledge of God
gradually.

Knowledge of God need not necessarily lead
to Love of God!

The identity and belonging that Love has,
Knowledge has not.

Knowledge leads to detachment.

Love leads to attachment to God in all that IS.

One leads to understanding;
the other leads to experience.

Knowledge may lead to decorating
the ego of Man.

Love leads to decorate Man.

It is safe if Knowledge culminates
in Love of God.

Prefer Love of God to Knowledge.
Love of God unfolds Knowledge of God.

Love is comparable only to Love!

Love is experience.

Blessed is the one whom

Love visits.
